Roxtec Multidiameter Sealing System – RoHS compliance.

We, Roxtec International AB, do hereby state that our products aren't included in the RoHS directive due to the fact that they are not considered to be "Electrical and Electronic Equipment".

Besides this none of the materials that are use in our products are covered by the list of "not allowed" material according to this directive.

General Conditions

1. During storage, the products are to be kept indoors in their original packaging at room temperature.
2. Installations are to be according to valid Roxtec International AB's assembly instructions.
3. This Manufacturers Statement is valid under known conditions at the date of issue.

Disclaimer

The products manufactured by Roxtec International AB are sold in accordance with Roxtec International AB's general conditions of sale and delivery.

The information provided does not release you – the receiver of provided information and/or purchaser of these products – from the obligation to determine independently the suitability of these products for the intended processes and/or installations and/or uses.
